# Program, Project or Strategy Information

**On a separate sheet, please provide answers to the following questions:**

- 1) Describe the program, including the governance, policy support, and implications pertinent to the establishment and continuance of the program. Please limit the description to 75 words or less.
- 2) Will the program continue for the entire 2010-2011 school year and beyond? How has this program been institutionalized to ensure continuation over time (e.g., budget, policies, funding)? Please include the number of years the program has been in operation and identify the year the program was established.
- 3) If you have statistically verifiable results that the program has been successful, describe those results and include evidence of this verification. Success may be proven by any documented form (e.g., improved test scores, lower dropout rates, increased college admissions, fewer discipline referrals).
- 4) Can the program be replicated at another site without a great amount of restructuring? Does it depend on a specific person or personality, or is it dependent upon resources that are unique to your location? Explain.
- 5) What is the cost, including personnel, of establishing this program?
- 6) How is this program funded (initial funding source and continued funding source)?
- 7) How will the presentation actively engage the participants?
