The timeline is as follows:

FEBRUARY

Reminders provided for the ASBA Delegate Assembly in June. Forms sent to every school district superintendent and governing board member for submitting Action Agenda items to the ASBA Delegate Assembly.

MID-APRIL

Proposed Action Agenda items must be returned to ASBA after being approved by the governing board.

FIRST FRIDAY IN MAY

The ASBA Legislative Committee reviews the Action Agenda proposals received and votes to support or do not support the proposal, and provides the rationale for the Committee's position.

FIRST WEEK IN JUNE

Packets with each Action Agenda proposal, as well as the Action Agenda adopted the previous year, are sent to each superintendent and governing board member. In addition, the local governing board is directed to select a voting delegate to represent the board at the Delegate Assembly and instruct its delegate as to how to vote on the issues presented.

LAST SATURDAY IN JUNE - THE ANNUAL DELEGATE ASSEMBLY

Delegates debate and vote on the proposals before the body. The adopted positions of the Delegate Assembly become the position of the Association until the next Delegate Assembly.

AUGUST

Adopted Political Agenda is sent to each superintendent and governing board member to discuss and adopt as a board 10 priorities that will be submitted to ASBA Governmental Relations for compilation. These items will be collected at the end of September.

I. Advocacy for Children and Student Needs

*In support
of this
belief,
ASBA will...*

LEGISLATIVE ACTION AGENDA

ASBA believes that for children to succeed in school, their basic life needs must be met, and that home and family, with the support of the community, the local school district and the state and federal governments, are responsible for meeting these needs. Further, the needs of students must be the driving force behind the entire educational system. **In support of this belief, ASBA will:**

1. Seek and support legislation that adequately encourages, assists and financially supports the curriculum and instructional needs of Arizona's public schools to ensure college and career readiness of all students to include, but not limited to:
 - Legislation that would provide additional funding for alternative educational opportunities for all students who need them.
 - Continuation of dual credit for high school students enrolled in community college classes.
 - Legislation to increase distance learning opportunities.
 - Legislation to promote Career and Technical Education opportunities for all Arizona students.
 - Legislation that provides for the specialized instructional needs of Arizona's students who are English Language Learners.
 - Resources necessary to meet the legal requirements that every third grader is reading at grade level.

2. Seek and support legislation to increase mandatory school attendance requirements until graduation level competency has been reached or until 18 years of age.
3. Oppose efforts to undermine the authority of the Arizona Interscholastic Association and its members to determine eligibility for student participation in interscholastic activities.
4. Seek and support legislation that will fund programs to prepare and support children and families for success in public schools.
5. Oppose efforts to curtail communications in a language other than English for students, parents and other constituents and advocate for the Arizona Department of Education to publish critical items intended for parent distribution in Spanish as well as English.
6. Oppose legislation to require school districts to report or determine the immigration status of students.

II. Local Control / Governance

*In support
of this
belief,
ASBA will...*

LEGISLATIVE ACTION AGENDA

ASBA believes that the primary responsibility for the governance of public schools in Arizona lies, and should lie, with local, directly elected and accountable school district governing boards. **In support of this belief, ASBA will:**

1. Advocate for preservation of community governance of school districts through elected representation and oppose federal, tribal, state or administrative efforts to erode the authority of governing boards.
2. Oppose unfunded and burdensome legislative mandates.
3. Oppose any effort not initiated by local school districts, through their governing boards or voters, to consolidate or unify school districts.
4. Seek and support legislation that ensures that all public schools are funded and governed in a manner consistent with the Arizona Constitution's requirement of a general and uniform public school system, so that substantial disparities in the treatment of schools are not created by the law.
5. Oppose legislation that would limit district control of performance pay for teachers under the Classroom Site Fund, while acknowledging statewide best practices as demonstrated by the Performance Pay Task Force.
6. Advocate the consistent treatment of school districts with other political subdivisions and governing board members with other elected public officials in matters of general governance, open meeting law and public records law.

7. Seek and support changes to law regarding elections and school district resources that clearly articulate the free speech rights of both school employees and school board members.
8. Advocate that the Legislature revise A.R.S. 15-424 (D) to allow candidates in an uncontested election, which has been cancelled, to be declared duly elected by the supervisors of that county rather than appointed.
9. Seek and support a change to student enrollment laws that would allow a school district to honor a disciplinary action of a student from another district when enrolling that student.
10. Seek and support legislation that provides governing boards with flexibility in committing and prioritizing the use of education funds.
11. Seek and support legislation that would allow the removal of a governing board member for excessive absences at meetings.
12. Support the retention of the county school superintendent's role in appointing governing board vacancies.
13. Seek and support the ability of a school district governing board to create a process to censure a board member.

III. Accountability

*In support
of this
belief,
ASBA will...*

LEGISLATIVE ACTION AGENDA

ASBA believes that accountability for meeting fair standards that encourage high student achievement and responsible and informed citizenship is the common responsibility of the elected school district governing board, Committee members, parents, the students themselves and the community at large. **In support of this belief, ASBA will:**

1. Seek and support the continued re-evaluation and refinement of the Arizona Instrument to Measure Standards including:
 - a. Accommodation of students with special needs to ensure that language or other impediments do not deny students, in violation of their civil rights, a fair opportunity to gain promotion or earn a high school diploma.
 - b. Reexamination of the Standards to ascertain the 10th-grade level of achievement.
 - c. Examination and development of end-of-course testing and other assessment tools to demonstrate proficiency.
 - d. Limitation of AIMS testing to reading, writing and mathematics for high school graduation.
 - e. Protect the AIMS scholarship that incentivizes outstanding performance on AIMS.
2. Seek and support legislation to ensure that all schools receiving public funds are equally accountable financially to the public by complying with conflict of interest laws. Further, seek to ensure that charter funding systems are transparent, do not allow comingling of funds, and revert all public funds and property to the state if a charter school ceases to operate or loses its charter.

3. Advocate for continued local control of school improvement plans created and implemented for under-performing and persistently low performing schools and support other interventions as a last resort.
4. Oppose efforts to require verification of free and reduced lunch applications beyond federal guidelines.
5. Advocate a change to the Arizona Constitution to state that the State Superintendent of Public Instruction hold a teaching, principal or superintendent certificate and that the Superintendent of Public Instruction be employed by the state.

7. Encourage the Arizona Department of Education to conduct research to determine the N number that is statistically valid.
8. Seek and support legislation which creates greater flexibility in procurement policies and procedures.
9. Support legislation that accurately, consistently and fairly measures the academic performance of individual schools and the district as a whole.
10. Support efforts to implement an accurate, statewide data system that enables local districts to use data to inform financial, student and personnel decision making, with the cost of implementation to be funded and provided to each district by the state.
11. Support a requirement that county school superintendents have a teaching, administrative or superintendent certificate.

IV. Taxation/Revenues

LEGISLATIVE ACTION AGENDA

ASBA believes that the tax structure that supports public education must be broad-based and stable and must ensure that each taxpayer, individual or corporation contributes a just, proportionate share. **In support of this belief, ASBA will:**

1. Advocate structural change to Arizona's tax system to support funding for public education, other child support services and a competitive business climate while opposing any change to the existing property tax structure unless a comprehensive tax reform proposal is implemented to adequately address the needs of public education.
2. Oppose any action that prohibits local school district governing boards from supplementing state funding and budget provisions through M&O and flexible capital overrides as well as bond authorizations.
3. Advocate for repeal of both private student tuition and public extracurricular tax credits with those funds to be dedicated to public education, while demanding additional accountability for student tuition organizations until ultimate repeal is accomplished.
4. Seek and support legislation to clarify A.R.S. 15-915 and require the Arizona Department of Education to provide the commensurate state aid revenue to districts that lose assessed value regardless of the cause of the reduction so that there is no loss of revenue to the district.
5. Seek and support efforts that would serve to maintain and increase the earnings of the school trust lands for the benefit of K-12 public education.

18. Advocate to allow the purchase of equipment with bond money.
19. Seek and support state funding for any tax judgments that are due to inaccurate rate settings by a county or state.
20. Strike the bonded indebtedness limits found in Arizona statutes so that districts may utilize the limits found in Arizona's Constitution.

22. Advocate for greater flexibility to public schools/districts to determine how tax credit funds are used.
23. Advocate for legislation that requires an annual review/revision of travel mileage reimbursement rates.

V. Funding

*In support
of this
belief,
ASBA will...*

LEGISLATIVE ACTION AGENDA

ASBA believes that funding for public schools, which is the primary responsibility of the state, should be increased to a level that assures that every student will receive an adequate education based on his or her needs. Funds should be appropriated in a manner that preserves the ability of governing boards to allocate funds within their districts based on the diverse needs of their students and communities. **In support of this belief, ASBA will:**

1. Advocate for a complete revision of the school finance formula to:
 - Reflect the actual costs of the individual educational needs of all students.

 - Provide for a transportation support level that reflects actual students transported and actual costs.
 - Provide funding for an extended school year as a local option.

*In support
of this
belief,
ASBA will...*

Funding

11. Seek and support legislation that enables Joint Technological Education Districts (JTEDs):
 - a. VI. Personnel

*In support
of this
belief,
ASBA will...*

1. Seek and support legislation that provides increased funding for school personnel salaries.
2. Seek and support legislation providing all school districts with 5.5% in revenue to fund a system that promotes or rewards teacher individual performance, including merit pay.

11. Seek and support legislation that would set a mandatory minimum contribution rate for the Arizona State Retirement System that would be based on historical averages and prevent large variant increases or decreases from year to year.
12. Encourage the development of a comprehensive professional education certification system to establish an independent Professional Licensing Board.
13. Initiate a change to current legislation which will allow for the superintendent evaluation to be confidential and not public record similar to the ARS 15-537 regarding teacher evaluations.
14. Advocate for flexibility with regard to Highly Qualified regulations.

VII. Federal Concerns

LEGISLATIVE ACTION AGENDA

ASBA believes that the federal government's limited role in K-12 education should focus on creating incentives and support for increased student achievement and that federal mandates should be accompanied by the funding needed to implement those mandates. **In support of these beliefs, ASBA will:**

1. Advocate for increasing the federal investment in public education to meet the federally-imposed mandates and subsequent cost increases for special education (IDEA) and implementation of the Elementary and Secondary Education Act (ESEA).
2. Advocate for the following changes in the new reauthorization of the federal Elementary and Secondary Education Act (ESEA):
 - Increase the flexibility for states to use additional types of assessments for measuring AYP-including growth models.
 - Grant states and districts more flexibility in assessing students with disabilities and students not proficient in English for AYP purposes.
 - Create a student testing participation range, providing flexibility for uncontrollable variations in student attendance.
 - Allow schools to target resources to those student populations who need the most attention by applying sanctions only when the same student group fails to make adequate yearly progress (AYP) in the same subject for two consecutive years.
 - Ensure that students are counted properly in assessment and reporting systems.

*In support
of this
belief,
